# Microsoft Edge

Turning off Pop-up blockers and Clearing the cache
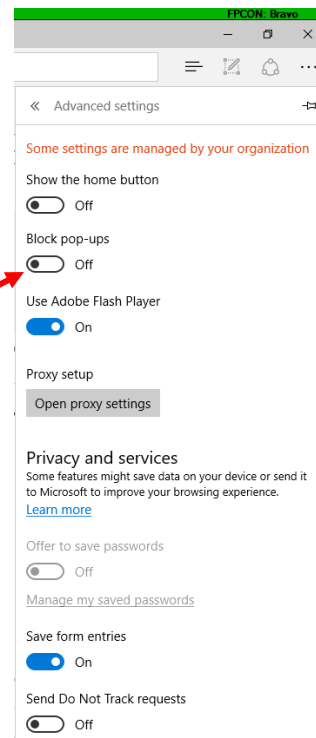

1. Turning off pop-up blockers.

Click the "…" icon in the upper right corner of your browser.
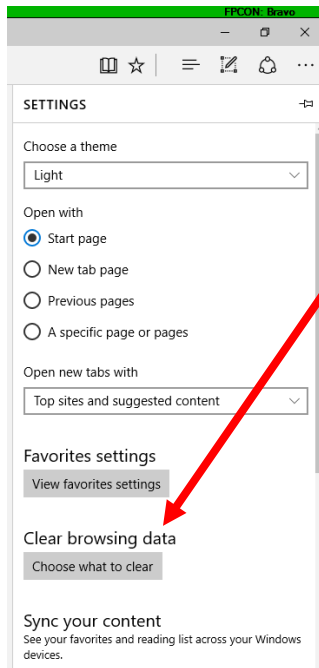

From this menu, select "Settings".

From the list of Setttings scroll down and select "View advanced settings"

Make sure that Block pop-ups is "off".

2. Clearing the "cache" or "history"

Return to the Settings menu, and look for "**Chose what to clear**…"

Choose the top three boxes, and click "Clear"
